PROJECT LOGISTICS

- India's fastest emerging company for project forwarding and crane rental.
- Innovative project solutions introduced for multiple sectors (petrochemicals, oil and gas, power, engineering and infrastructure, etc.) through its owned and/or controlled fleet of equipment.
- Multifaceted project team on ground with rich experience across the Indian subcontinent and other nations.
- Complete adherence to QHSSE standards

At the helm of path-breaking engineering and lifting expertise, we have shaped the nation's progress with our ingenious solutions.

Our aim is to help our clients increase their installation efficiency with the help of our lifting and transport solutions.

The Edge of our Project Logistics Services:

- Credible Solutions
- Projects feasibility consultation and reconciliation
- Multimodal transportation – Road and Barge
- Jetty Design Construction and Engineering
- Factory-to-foundation solutions
- Strong track record of working with Large Infra and Oil & Gas Project Clients
- Logistics solutions for complicated and critical loads

BUYERS CONSOLIDATION

When sourcing internationally, a company often purchases materials from more than one vendor in an area. Through our extensive global network, we can consolidate multiple shipments from various sources for one or a group of customers.

Depending on the terms of sale, the supplier can either deliver directly to our warehouse, or call us to arrange pick-up of the goods from their premises. We can build greater volumes that result in reduced carrier rates, including:

- Less-than-Container Load Shipment (LCL)
- Full-Container Load Shipment (FCL)
- Personalized Consolidated Containers (PCC)

WAREHOUSING

In Bhagirath Shipping & Logistics Business Division, it is our job to completely understand your business and logistics needs and cater to them. This helps us in providing you with service solutions that will help grow your business. Our extensive network of dedicated and shared warehousing and distribution operations enables you to fulfil your commitments and deliver your products safely. With modern packaging and warehousing techniques and an advanced distribution system, we help you automate processes, so that you deliver to your customers in perfect time, every time.

We are also pleased to make available to our customers, a storage and distribution service. Many small businesses have limited storage and distribution facilities. Once their cargo is cleared, shipments can be stored in our warehouse for distribution at a later date.

GLOBAL PROCUREMENT

We can efficiently source anything our clients require - anywhere - from highly trusted sources. Our partnerships allow us to achieve the ideal purchase: targeting value, product quality, and an optimal logistics solution to save time and money.

With our years of experience in the engineering and oil industry globally, our relationships with renowned manufacturers, suppliers in the North America, across Europe, Far East and the Middle East and we can supply equipment of the correct specification, on time and within the budget.

Our procurement clients expect and receive enhanced support for virtually all project requirements, reduced cost of labour, material delivery and a focused, low-risk acquisition process and systems.

SPECIAL TAG LINES

The experience and expertise put into designing the end-to-end solutions, backed by the latest technology.
